The Origins of the 20/80 Magic Wheel

The origins of the 20/80 Magic Wheel are shrouded in folklore and legend. According to Sister Sarah Keno's account, the system was revealed to her in a series of visions while she was praying in front of an altar. The numbers, she claimed, were whispered to her by a disembodied voice, guiding her to create a wheel that would unlock the secrets of luck and destiny.

The wheel itself is a simple affair, consisting of two concentric circles divided into 20 and 80 sections respectively. The outer circle features the numbers from 1 to 20, while the inner circle contains the numbers from 21 to 80. Each number is associated with a specific symbol or event, such as lucky numbers, unlucky numbers, and celestial bodies.

Mechanics of the 20/80 Magic Wheel

To use the 20/80 Magic Wheel, a seeker would rotate the outer circle until it came to rest at a desired number. The wheel could be used for a variety of purposes, including predicting lottery numbers, winning at gambling, and gaining insight into personal relationships or financial matters. Sister Sarah Keno promoted the wheel as a tool for both entertainment and spiritual enlightenment, claiming that it
