

# The World America Made by Robert Kagan: A Comprehensive Review

Robert Kagan's *The World America Made* is a sweeping account of the global order that the United States has built and sustained since 1945. Kagan argues that this order is based on American power, but also on American values and institutions. He shows how the United States has used its power to promote democracy, free trade, and the rule of law around the world. He also argues that this order is now under threat from rising powers like China and Russia.

## American Power

Kagan argues that the United States is the world's preeminent power because of its military, economic, and diplomatic strength. He shows how the United States has used its military power to deter aggression, protect its allies, and promote its interests. He also shows how the United States has used its economic power to create a global economy that has benefited both the United States and its allies. Finally, he shows how the United States has used its diplomatic power to build a network of alliances and partnerships that has helped to maintain the peace.

## **American Values and Institutions**

Kagan argues that the United States' power is not only based on its military, economic, and diplomatic strength, but also on its values and institutions. He shows how the United States' commitment to democracy, free trade, and the rule of law has made it a beacon of hope for people around the world. He also shows how the United States' institutions, such as its Congress, its courts, and its free press, have helped to ensure that the United States' power is used responsibly.

## **The World America Made**

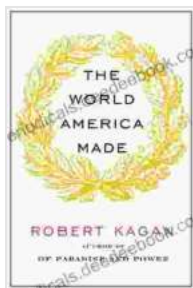

Kagan argues that the United States' power and values have combined to create a globally shaped world that has been beneficial to both the United States and its allies. He shows how the United States has used its power to promote democracy, free trade, and the rule of law around the world. He also shows how the United States has used its institutions to ensure that its power is used responsibly.

## **The Challenges to the World America Made**

Kagan argues that the world order that the United States has built and sustained since 1945 is now under threat from rising powers like China and Russia. He shows how China and Russia are challenging the United States' military, economic, and diplomatic dominance. He also shows how China and Russia are promoting authoritarian regimes and economic mercantilism. Kagan argues that the United States must respond to these

challenges by strengthening its alliances, investing in its military, and promoting democracy and free trade around the world.

The World America Made is a timely and important book. Kagan provides a clear and concise account of the global order that the United States has built and sustained since 1945. He shows how the United States' power and values have combined to create a global order that has been beneficial to both the United States and its allies. He also shows how this order is now under threat from rising powers like China and Russia. Kagan's book is a must-read for anyone who wants to understand the challenges facing the United States and the world today.
